Experience

- **Natuno Design Lab | UI/UX Designer**
  Remote from Malang, *December 2020* - Now

  Responsibility for building the Natuno design system and working on the natuno client base project. The project I'm working on is a landing page, App Design, among them are **Sol-X**, **Sayur Box**, **Halo Doc**, **Buku Kas**, etc.

- **CM Labs | Intern UI/UX Designer**
  Malang, *January 2020 - February 2020*

  Responsibility for building **sipas.id** Landing page and help redesign **Mobile apps Sipas**.

- **Codelaris | Part-Time UI/UX Designer**
  Malang, *November 2018 - February 2019*

  On this work period, I worked on a product from Codelaris, namely **Instagenic**. I'm working on landing pages as well as an **Instagenic desktop app**.

- **Freelance UI / UX Designer**
  Malang, *August 2018 - Now*

  Work on client based projects :
  Rajapay, which is a payment application that provides various services such as topping up credit, electricity tokens, internet to water bills.
